INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Methodist Children's Home

Report on the Financial Statements

We have audited the accompanying statements of financial position of Methodist Children's Home (a nonprofit organization) as of June 30, 2016 and 2015, and the related statements of activities, cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Methodist Children's Home as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a separate report dated October 24, 2016, on our consideration of the Methodist Children's Home's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

METHODIST CHILDREN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies

The Methodist Children's Home (MCH) prepares its financial statements in accordance with generally accepted accounting principles in the United States of America. The application of these accounting principles requires MCH to distinguish between contributions that increase permanently restricted net assets, temporarily restricted net assets, and unrestricted net assets. They also require recognition of contributions, including contributed service meeting certain criteria, at fair values. Below is a summary of certain significant accounting policies selected by management.

A. Nature of Organization

The Methodist Children's Home, established in 1890, has focused its mission on caring for at-risk children from Texas and New Mexico. MCH serves children from infancy all the way through after-care services, such as college and transitional living programs. The residential program has a capacity of 358 and MCH provides a variety of in-home services for children and families through its outreach offices.

B. Basis of Presentation

The financial statements of MCH have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities in accordance with generally accepted accounting principles.

C. Codification

The Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) is the single official source of authoritative, nongovernmental U. S. generally accepted accounting principles (GAAP).

D. Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Cash and Cash Equivalents

The indirect method is used to prepare the statement of cash flows. For the purposes of this statement, MCH considers cash in bank accounts and all highly liquid investments with original maturity of three months or less at the date of acquisition to be "cash equivalents" excluding those funds that are assigned to investment managers for long-term investment purposes.

F. Net Asset Categories

U.S. generally accepted accounting principles require that resources be classified into three net asset categories according to donor-imposed restrictions or by law.

METHODIST CHILDREN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies (Continued)

F. Net Asset Categories - Continued

Unrestricted net assets include (1) contributions for which the donor has specifically identified the usage as current operations or no usage was specified, (2) Board designated endowment funds, (3) board designated endowment earning released for operations, and (4) plant acquisitions.

Temporarily restricted net assets include contributions for which specific donor restrictions have not yet been met. The majority of the balance in this category was derived from accumulated earnings on permanently restricted scholarship funds to be used exclusively for the funding of higher education for MCH's children.

Permanently restricted net assets include contributions permanently restricted by the donor.

G. Investments

Investments in marketable securities, funds administered by third party trustees, and mineral rights are valued at their estimated fair values in the statement of financial position. Unrealized gains and losses are included in the statement of activities. All other investments are carried at cost.

It is MCH's policy that the endowment fund's accounts are to include both equity and fixed income (including cash) assets. MCH has elected to have separate investment advisors and accounts for common stock and fixed income investment management. Each investment advisor is given the authority to be fully invested in their respective asset category. The Investment Policy allows for the following allocation of total endowment: Equities of 40-75%, Fixed Income of 15-30%, and Alternative Assets of 0-35%.

MCH investment policy represents a conservative investment strategy designed to obtain a total return necessary to enhance the principal, while concurrently providing a consistent source of income. Investment managers of equity or fixed income portions of the portfolio are expected to produce rates of return that rank in the top 50 percent of their respective peer groups. Standard and Poor's 500 Index is the benchmark used to evaluate returns. The endowment fund should be diversified to minimize risk of loss, with the equity portion assuming more risk and greater earning potential, while the fixed income portion assumes less risk and generates lower long-term earnings.

H. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that MCH has the ability to access.

METHODIST CHILDREN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies (Continued)

H. Fair Value Measurements - Continued

- Level 2 - Inputs to the valuation methodology include:
- Quoted market prices for similar assets or liabilities in active markets;
 - Quoted prices for identical assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 2 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2016 and 2015.

Cash and Invested Cash - The carrying amounts reported in the statement of financial position approximate fair values due to of the short maturities of those instruments.

Accrued Investment Income - The income earned and later reinvested into investments. The carrying amounts reported in the statement of financial position approximate fair values due to the short duration of reinvestment.

Corporate and Fixed Income Securities - Corporate stock and fixed income securities are reported at quoted market prices.

Third Party Trusts - MCH is the beneficiary of numerous trusts managed by independent third parties. In accordance with U.S. generally accepted accounting principles, MCH's beneficial interest in these trusts is recorded at the estimated value of expected future cash receipts. The estimated fair value being used is a capitalization rate of ten times the current year's gross receipts. The change in this value from year to year is reflected in the change in unrealized gains in the statement of activities.

Mineral Rights - From time to time, MCH has been the recipient of mineral rights. These rights are recorded at estimated value at time of receipt or, if not readily available, at a nominal one dollar. In accordance with GAAP, these rights are recorded at their estimated future value as of the date of the financial statements. An independent third party determines this value. The change in the estimated value is reflected in the change of unrealized gains in the statement of activities.

METHODIST CHILDREN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies (Continued)

H. Fair Value Measurements - Continued

Real Estate and Mortgage Loans - From time to time, MCH has been the recipient of real estate. These properties are recorded at the estimated value at the time of receipt.

Mortgage loans and other are recorded at their net cost values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although MCH believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

I. Contributions, Investment Income, and Gains Restricted by Donors

MCH reports gifts or investment income and gains as restricted income if it is received with donor stipulation that restricts the gift's use or income to a specific purpose or has a time restriction. When a restriction is met, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. If these restrictions are met in the same period in which the gift or income is earned, the gift or income is recorded as unrestricted support.

J. Grant Income

MCH receives a portion of its revenues from several governmental grant programs offered by both federal and state departments. The monies reimbursed to MCH from these grant programs fluctuates from year to year but it is based upon the amount of services provided for the eligible children associated with those governmental programs. The governmental grant programs that MCH is involved with are the Foster Care program and the National School Breakfast and Lunch program.

K. Property, Buildings and Equipment

According to the MCH capitalization policy, acquisitions of property, buildings, and equipment in excess of \$5,000 are generally capitalized. Property, buildings, and equipment purchased are capitalized at cost as of the date of acquisition. Donated property, buildings, and equipment are capitalized at fair value as of date of contribution. Major renovations of existing property are also capitalized. Regular repair and maintenance are expensed as incurred. Property and equipment are being depreciated over estimated useful lives of 5 to 50 years using a straight-line method as follows:

Assets	Years
Building	10-50
Improvements	10-50
Equipment	5-10
Vehicles	5

METHODIST CHILDREN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies (Continued)

L. Compensated Absences

Effective January 1, 2010, paid time off (PTO) is available for all regularly scheduled full time and part time employees, and begins to accrue the first pay period of employment. At the end of each calendar year, eligible employees may carry over 80 hours of accrued, unused PTO. All unused PTO in excess of 80 hours will be credited to the employee's major medical leave account. Upon termination, any unused PTO is paid to the employee. In addition, the employee is eligible to be paid a percentage of unused major medical. If the employee has 3 years or less of service, they forfeit their unused major medical. Employees with 3 to 5 years of service receive 33.3% of their major medical accrual and employees with 5 years or more of service are paid 50% of their major medical accrual upon voluntary termination.

M. Permanently Restricted Assets

Interpretation of Law

The Board of Directors of MCH has interpreted the Texas Uniform Prudent Management of Institutional Funds Act (TUPMIFA) as requiring the preservation of the purchasing power (real value) of the donor-restricted funds absent explicit donor stipulations to the contrary. As a result of this interpretation, MCH classifies as permanently restricted net assets (1) the original value of gifts donated to the permanently restricted assets, (2) the original value of subsequent gifts to permanently restricted assets, (3) accumulations to the permanently restricted assets made in accordance with the direction of the applicable donor gift instrument at the time of accumulation is added, and (4) the portion of investment return added to the permanently restricted assets to maintain purchasing power. For purposes of determining that portion, each year MCH adjusts permanently restricted net assets by an amount determined to be reasonable for use in the operations but also provide for the change in the average Consumer Price Index (CPI).

Permanently restricted assets have specific restrictions on the how the earnings can be utilized.

As an additional means of assessing and guiding investment results, MCH contracts separately with an investment firm which has the sole task of evaluating the performance of the endowment fund manager and presenting their findings to the Investment Committee of the Board of Directors.

N. Federal Income Tax

MCH is a nonprofit corporation, as described in Section 501(c)(3) of the Internal Revenue Code, and is exempt from federal income taxes. MCH adopted FASB ASC 740-10, *Accounting for Uncertainty in Income Tax*. That standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in the financial statements. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. MCH's federal exempt organization returns for the years ended June 30, 2013, and after, are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

JUNE 30, 2016 AND 2015

1. Summary of Significant Accounting Policies (Continued)

O. Subsequent Events

Management of MCH has evaluated subsequent events for disclosure through the date of the Independent Auditors' Report, the date the financial statements were available to be issued (See Note 14).

2. Concentrations of Credit and Market Risk

Financial instruments which potentially expose MCH to concentrations of credit and market risk consist primarily of invested cash and marketable securities. MCH had realized gains of \$2,598,641 and \$30,960,068 which are reflected in the statement of activities for the years ended June 30, 2016 and 2015, respectively. MCH had cash balances in excess of FDIC coverage of \$2,434,285 at June 30, 2016.

3. Receivables

The following is a breakdown of the accounts receivable balance for MCH as of June 30, 2016 and 2015, respectively:

	2016	2015
Texas Comptroller Office	\$ 114,177	\$ 124,053
Miscellaneous receivables	5,087	7,461
Total Receivables	\$ 119,264	\$ 131,514

4. Pledges

The following is a breakdown of the pledge receivable balance for MCH as of June 30, 2016 and 2015, respectively:

	2016	2015
Due in less than one year	\$ 294,785	\$ -
Due in one to five years	161,004	-
	\$ 455,789	\$ -

Management has determined that the pledges for the years ended June 30, 2016 and 2015, are not fully collectible and have estimated the following allowance for uncollectible pledges. The allowance for doubtful accounts are \$50,915 and \$0, for the years ended June 30, 2016 and 2015, respectfully. The present value discount are \$2,446 and \$0, for the years ended June 30, 2016 and 2015, respectfully.

14. Subsequent Events

During the year MCH received a conditional pledge for \$660,000 toward the construction of two new homes for the youth. The condition of the pledge is that MCH raise \$2,642,154, without borrowing funds, allocating funds from a government grant, or transferring funds from internal reserve accounts. Once MCH meets the conditions of the pledge, the funds will be provided on April 12, 2017. As of the date of the Independent Auditors' Report on these financial statements, management believes they have met the conditions of the pledge.
