FOR CHILDREN AND FAMILIES.

WHAT HAPPENS NEXT?

ASSESSING

The assessment process takes 30 days. During this time, we are getting to know the family and preparing for service planning.

SERVICE PLANNING

After the assessment is complete, we will complete a plan of service based on the findings of the assessment. At this point, the 90-day service period begins.

REASSESSING THE FAMILY

After 90 days, we review the service plan with the family and determine what goals have been met. There is a chance that the case can be extended up to 90 additional days, based on the reassessment.

CELEBRATING SUCCESS AND CLOSURE

When it's been determined that ample goals have been met and the family is ready to maintain their gains independently, the case will be closed. This decision is made collaboratively with the family.

A final assessment is completed and there is great celebration for what the family has accomplished! An aftercare plan will be developed, which will include following up with the family, children and communities.

MCH Family Outreach

Offering Hope Since 1890

MCH.org

SERVICES WE PROVIDE

MCH FAMILY SOLUTIONS

This program provides a combination of individual and family services, case management and advocacy to help a family meet its needs.

We work with the family to identify and build on their strengths to help them meet their needs and those of their children.

We help families gain access to community resources that will help their children grow to be healthy and successful at home, at school and in the community. We meet with them in their homes, their child's school or anywhere in the community where they are comfortable...as often as needed.

We realize that sometimes families with children need extra support. MCH is here to help.

PARENT EDUCATION

Through partnerships with other service providers and agencies within our service area, we are meeting the need for effective and beneficial parent education.

Our parent education programs follow an instructional and supportive framework aimed at increasing nurturing skills and reducing the potential for abusive or neglectful behaviors.

Staff are trained facilitators and utilize the tips and techniques of the philosophies while working with families, whether in a group education setting or while addressing specific parenting struggles with an individual family.

We have adopted these philosophies as guides for helping parents feel more confident and capable in their role.

If you would like more information about parent education, give us a call! We are always eager to talk with other agencies about this service and unique ways it can be utilized.

OFFERING HOPE TO CHILDREN, YOUTH AND FAMILIES.

MCH GAP PROGRAM

STANDING IN THE GAP WITH GRANDPARENTS AND OTHER CAREGIVERS.

The Gap Program provides services to grandparents and other relatives who care for children in the absence of parents. We support families by providing in-home assessments, case management services and support groups for caregivers. The Gap Program builds on the family's strengths and works with all family members to find solutions to the challenges of raising children in today's complex world.

For more information on the MCH Family Outreach office in your area, call 800-853-1270, or visit us at MCH.org.
