HOW WE DO IT

We work with you and other people in your family and neighborhood who are important to you.

We work with you to identify and build on your family's strengths to help you meet your needs and those of your children.

We meet with you in your home, your child's school, or anywhere in the community where you are comfortable...as often as needed.

WHY WE DO IT

We know that you are committed to raising your children. We want to team up with you to help you meet your goals.

We realize that sometimes families with children need extra support.

MCH Family Solutions provides help to families by providing advocacy and support, connection to resources in the community, and other services.

WHAT WE DO

MCH Family Solutions provides community-based services to families with at least one child residing in the home between the ages of birth – 14 years. Eligible families should also live within a 45-mile radius of an MCH outreach office.

The program provides a combination of individual and family services, case management, and advocacy to help the family meet its needs.

We help families gain access to community resources that will help their children grow to be healthy and successful at home, at school and in the community.
